Hi Daniel,

Sorry, that should be 913961, I switched the last two numbers. 913916 does not need to be in the admin record.

Hi Josh,

I am in the process of getting the documents into SEMS-RM and updating the collection. Doc ID 613916 was marked as confidential in SEMS-RM, would you be able to clarify that this is uncontrolled and can be included in the AR?

Thanks,
